

WHY USE CORREL RAIL LIMITED?

At CORREL Rail Limited we offer Independent Verification and Validation as our core business, either as an integrated service, or as individual activities to suit the customers need.

CORREL Rail is the Independent Notified Body for Rolling Stock.

CORREL Rail brings a new vision to the processes surrounding the acceptance of new and modified Traction and Rolling Stock in the post-privatised railway environment of Europe.

CORREL Rail issued the first ever EC Certificate of Conformity and Type Examination for rolling stock in the whole of the EC for the fleet of ALSTOM Tilting Pendolino's in the UK.

Using CORREL Rail as your partner you will gain not just a Notified Body or Independent Approval Body but an advocate for your project aims and objectives.

CORREL Rail will provide total customer focus in your activities to ensure the very best in advice, support and acceptance services through an unrivalled attention to detail unsurpassed in the rail industry.

The following list indicates the key skills and services CORREL Rail offer in the European rail market:

- Notified Body services
- Requirements Capture Management
- Design Review Management
- Design Scrutiny and Assessment
- Maintenance Plan / Manual Scrutiny and Assessment
- Vehicle / Component Inspection
- Software Compliance Assessment
- Safety Critical Suppliers Approvals
- Product Safety and Quality Audits
- Process / System Safety and Quality Audits
- Safety Case Authoring
- Hazardous Incident Investigation
- Rail Industry Safety Assessment Scheme services
- Independent Competent Body or Vehicle Acceptance Body services

In support of both the High Speed and Conventional Interoperability Directives, CORREL Rail continues to be at the forefront of developing the EU's understanding and application of the new Regulations through its involvement on national and European working parties.

The CORREL Rail range of experience covers design, construction, commissioning and maintenance including interfaces such as wheel/rail and test train/train operator.

The mix of experience and market leading processes employed allow CORREL Rail to offer the European Rail industry an exceptional Notified Body service.
